

GEN 4.2 Air Navigation Service Charges

1 An air navigational facility charge shall be payable in respect of each flight flying through airspace within the boundary of Kathmandu FIR at the rates specified below:

i. For International Flights

Aircraft Weight	Fees (US Dollar)
Upto 25,000 Kgs.	\$45.90
25,001 Kgs - 50,000 Kgs.	\$76.50
50,001Kgs. ~ 75,000Kgs.	\$152.75
Any Part Over 75,000Kgs.	\$305.50

ii. For Domestic Flights

- a) Communication & navigation Aid service charge at the rate of fifty percent (50%) of the landing charge as provided for in 1.5 of GEN 4.1 - 1 shall be imposed in International Airport.
- b) Communication and navigation Aid service charge at the rate of thirty five percent (35%) to the landing charge as provided for in 1.5 of GEN 4.1 - 1 shall be imposed in the airports having control zone.
- c) Communication and Navigation Aid service charge at the rate of twenty percent (20%) to the landing charge as provided for in para 1.5 of GEN 4.1 - 1 in the airports other than the airports mentioned in sub-clauses i. and ii.

iii. Communication and Navigation Aid (Overfly) Service Charge

- a) Overfly charges shall be levied at the rate as mentioned in Part i of GEN 4.2 for providing overfly service on international flights.
- b) Forty percent of the landing charge as per in para 1.5 of GEN 4.1 - 1 shall be charged for providing communication and navigation services to the helicopter flying from one helipad to another.

2 Cost basis for Air Navigation Services:

For calculation of all charges, total weight of the aircraft shall be used. The total weight of an aircraft shall be the maximum take-off weight as specified under the regulation of State in which the aircraft is registered.

3 Exemptions/reductions and methods of payment are same as landing, parking and hangar charges.
